Experience:

Walmart, Cary, NC — *Site to Store/Electronics Associate*

May 2016 - PRESENT

Responsible for providing excellent customer service. Assisted in setting up phones, provided insight on current technologies in the market, and helped with photo printing/general questions customers may have.

Lipscomb University, Nashville, TN — *IT Help Desk*

August 2015 - May 2016

Troubleshoot issues students and faculty had with technical issues such as trouble printing, software downloads, computer viruses, etc. Assisted as far as I could before it was necessary to escalate the issue to an IT staff member.

Walmart, Boonville, MO — *Electronics Associate*

May 2015 - August 2015

Handled all forms of customer service. I became trained in almost every department so that I was able to aid wherever I was needed the most.

Education:

Lipscomb University, Nashville, TN — *BFA in Animation*

August 2015 - May 2019

Graduated with a 3.69 GPA. Taught animation under Tom Bancroft, a former Disney animator.

Projects:

Hangry Jack — *Mobile Application*

Hangry Jack is an IOS and Android game created as a class project that included around nine individual people. I was responsible for the creation and creative direction of the environmental art and had one other person who I would color in the assets I created once approved. This included the game icon as well. The app can be found by typing "Hangry Jack" in either the Google Play Store or the Apple App Store.

Dead Sea Squirrels — *Animated Short*

An animated short to sell a children's book idea to book publishing companies in the hopes of the series getting published. Worked on scene background designs and coloring, along with character design for some characters.
